- Event Coordination & Execution: End-to-End Event Coordination (Planning to Execution), Virtual Event Promotion, Attendee Conversion, Onboarding Experience, Cross-Functional Alignment.
- Digital Outreach & Social Media: Social Media Outreach (LinkedIn, YouTube, Instagram, X, Facebook), Content Scheduling, Audience Targeting, Visual Storytelling, Canva, CMS.
- Communication & Analytics: Interpersonal Communication, Consistent Follow-up Cadences, Campaign Analytics, Engagement Metrics, HubSpot Academy Certified, Microsoft Excel, Power BI.

Professional Experience

Web Designer | Sams Language Academy

Jun2026

- Designed intuitive, responsive web platforms optimized for clear event calls-to-action, participant sign-ups, and smooth attendee onboarding.
- Maintained CMS workflows and integrated on-page discoverability to support organic inbound lead acquisition.

Social Media Marketing Intern | HabitVerse

Jan 2026 – Jun 2026

- Build and grow a strong community: Drove active discussions across LinkedIn, Instagram, YouTube, X, and Facebook to foster meaningful relationships and sustained engagement.
- Inbound and outbound outreach: Connected directly with potential attendees through tailored messaging to promote community events and boost participation.
- Consistent follow-ups & event coordination: Executed multi-touch follow-up cadences to ensure conversions, supporting end-to-end event coordination from planning through live execution.

Digital Marketing Intern | OliVeesu

Sep 2025–Dec2025

- Identify and engage new prospects: Proactively mapped and connected with target audiences across social media, online communities, and networking platforms.
- Deliver a positive and engaging experience: Handled prospective member inquiries promptly to maintain a welcoming onboarding journey and drive continuous engagement.
- Consistent follow-ups: Managed systematic communication cadences to convert initial interest into active platform participation and advocate relationships.

Web Designer | OliVeesu

Jul 2025 – Sep 2025

- Designed and launched an SEO-optimized website, leading wireframing and site-structure planning
- Performed post-launch maintenance, optimization, and accessibility checks

Machine Learning Intern | CSRBOX

Jul 2025

- Applied Python (Pandas, NumPy, Matplotlib) to data preprocessing, analysis, and visualization tasks
- Completed hands-on assignments covering core machine-learning workflows
