PROFESSIONAL SUMMARY

Computer Science undergraduate with hands-on experience in Python programming, data analysis, and digital marketing. Skilled in SEO, social media strategy, and multi-platform content management, with a track record of supporting web design and campaign performance across four internships. Combines technical problem-solving with strategic communication to drive digital engagement and business growth.

CORE SKILLS

- Programming & Data Analysis: **Python, SQL, Microsoft Excel**
- Digital Marketing & SEO: **Search Engine Optimization, Keyword Research, Social Media Strategy, Campaign Analytics**
- Web & Content Tools: **Wireframing, Content Management Systems (CMS), Dashboard Design, Workflow Automation**
- Design & Media Production: **Canva, YouTube Studio, Microsoft Word, Carousel Design**

PROFESSIONAL EXPERIENCE

Web Designer

Jun 2026 - Jun2026

Sams Language Academy - www.samslanguageacademy.com

- Designed responsive, end-to-end web platforms tailored to client project requirements
- Mapped the full product lifecycle from initial UX wireframing through post-launch phases
- Integrated on-page SEO strategies during the foundational development process
- Managed content management systems (CMS) to ensure efficient site administration

Social Media Marketing Intern

Jan 2026 - Jun 2026

HabitVerse

- Managed social media platforms including YouTube, Instagram, LinkedIn, X (Twitter), and Facebook
- Created carousel posts and short-form video reels for digital campaigns
- Uploaded, scheduled, and monitored content publishing across platforms
- Conducted caption writing and hashtag research to optimize audience engagement
- Tracked engagement performance metrics and optimized content delivery processes

Digital Marketing Intern

Sep 2025 - Dec 2025

OliVeesu

- Executed digital marketing and SEO-related campaign activities
- Conducted keyword research and performance analysis for online campaigns
- Supported social media engagement initiatives and content planning
- Tracked marketing metrics and collaborated with teams to improve brand visibility

Web Designer

Jul 2025 - Sep 2025

OliVeesu - www.oliveesu.com

- Designed and launched an SEO-optimized website for the organization
- Led wireframing and website structure planning
- Organized website content and improved digital layouts for usability
- Performed post-launch website maintenance, optimization, and accessibility checks

CSRBOX

- Applied Python programming to data preprocessing, analysis, and visualization using Pandas, NumPy, and Matplotlib
- Strengthened understanding of machine learning workflows through hands-on project execution
- Completed internship-based technical assignments and learning modules

EDUCATION

Bachelor of Computer Science and Engineering Aug 2023 - May 2027

C. Abdul Hakeem College of Engineering and Technology, Melvisharam | **CGPA: 8.54**

PROJECTS

Student Performance Analysis System | Python, MySQL, Pandas, Matplotlib

- Built a Python command-line application to manage student academic records with full CRUD (Create, Read, Update, Delete) operations backed by a MySQL database
- Automated grade and GPA calculation from student marks data
- Developed a performance dashboard using Pandas and Matplotlib to visualize marks, attendance, grade distribution, and subject-wise averages
- **GitHub:** github.com/Rosh-0906/Student-Performance-Analysis-System

Smart Water Level Indicator | Arduino Uno, C++, Hardware Integration

- Designed and developed an IoT-based water level monitoring solution using Arduino Uno and an ultrasonic sensor
- Implemented hardware integration, coding logic, and real-time monitoring functionality
- Collaborated with a team to build and test the prototype system
- **GitHub:** <https://github.com/Rosh-0906/Smart-Water-Level-Indicator>

AREA OF INTEREST

- **Digital Marketing & SEO:** Search Engine Optimization, keyword research, social media strategy, multi-platform content management, and campaign analytics.
- **Web Design & Development:** UX wireframing, responsive web platform creation, Content Management Systems (CMS) administration, and website optimization.

ACHIEVEMENTS & PUBLICATIONS

- **Research Publication:** Research article accepted for publication in "Future Perspectives in Innovations and Sustainable Technologies" (ISBN: 978-81-994213-3-2).
- **Conference Presentation:** Presented a research paper on scalable web-based management systems at an international conference hosted by SKP Engineering College (ISBN: 978-93-5717-655-2).
- Successfully designed and launched multiple SEO-optimized web platforms during professional internship programs, driving proven organic traffic growth.
